

### St Edmund's College Summer School: What to Bring

We are very well-equipped; if your child forgets to pack something, we will probably be able to arrange a replacement. However, we do recommend that your child brings the following:

- A **good mix of warm and cold-weather clothing**; the English summer is unpredictable. The children have laundry done once per week, so they need enough clothes to last them 7 days.
- A **swimming costume**. We have a swimming pool which we like to use regularly.
- A **mobile phone** (please see our mobile phones information document)
- An **electrical plug converter**
- All **toiletries** (toothpaste, etc.) that they need (we can provide sanitary towels in unexpected emergencies)
- A **towel**, and optionally a **dressing gown**
- All **medications** that they need (please see our medical information document)
- Any **snacks** they might want, although we do have plenty of food here

It is **not** necessary to bring the following:

- **Bedding** (duvet covers, bedsheets, etc.)
- Common medications such as **anti-histamines** and **ibuprofen**; we have those
- **Large quantities of food**; please see our Catering document
- A **laptop** or **tablet**; we have IT rooms.
